EXP 1	Creation of the Internship Tracker Application

Aim:

To create a new Zoho Creator application named Internship Tracker for tracking the internships undertaken by students.

Theory:

The department tracks internships undertaken by students, including duration, stipend and the documents submitted. A Zoho Creator application holds the forms, reports and workflows needed for this.

- **Application URL:** https://creatorapp.zoho.in/mythrayee.v.2024.aiml_raj/internship-tracker/

Procedure:

1. Sign in to Zoho Creator and click Create Application.
2. Choose Create from scratch.
3. Enter the application name "Internship Tracker" and click Create Application.
4. The blank application opens in the builder.

Output:

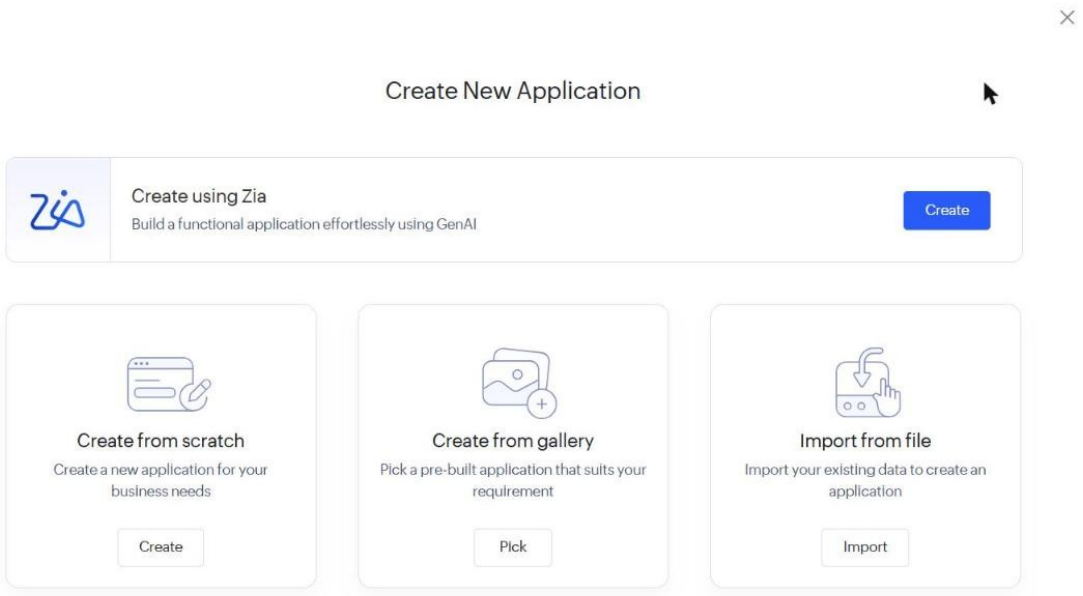

Fig. 1.1: Create New Application screen

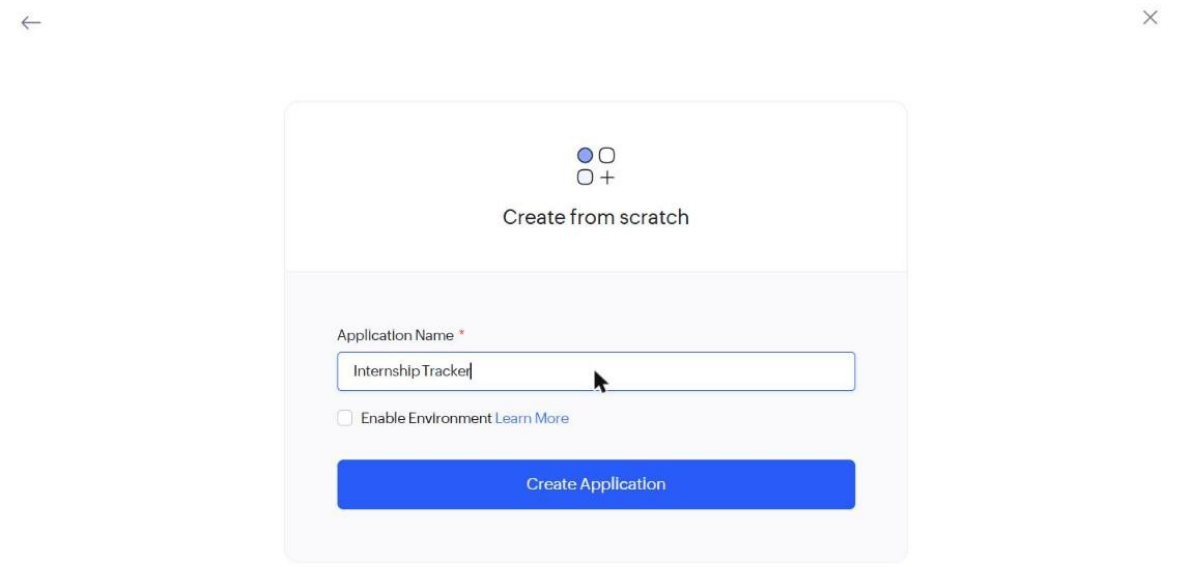

Fig. 1.2: Application name entered

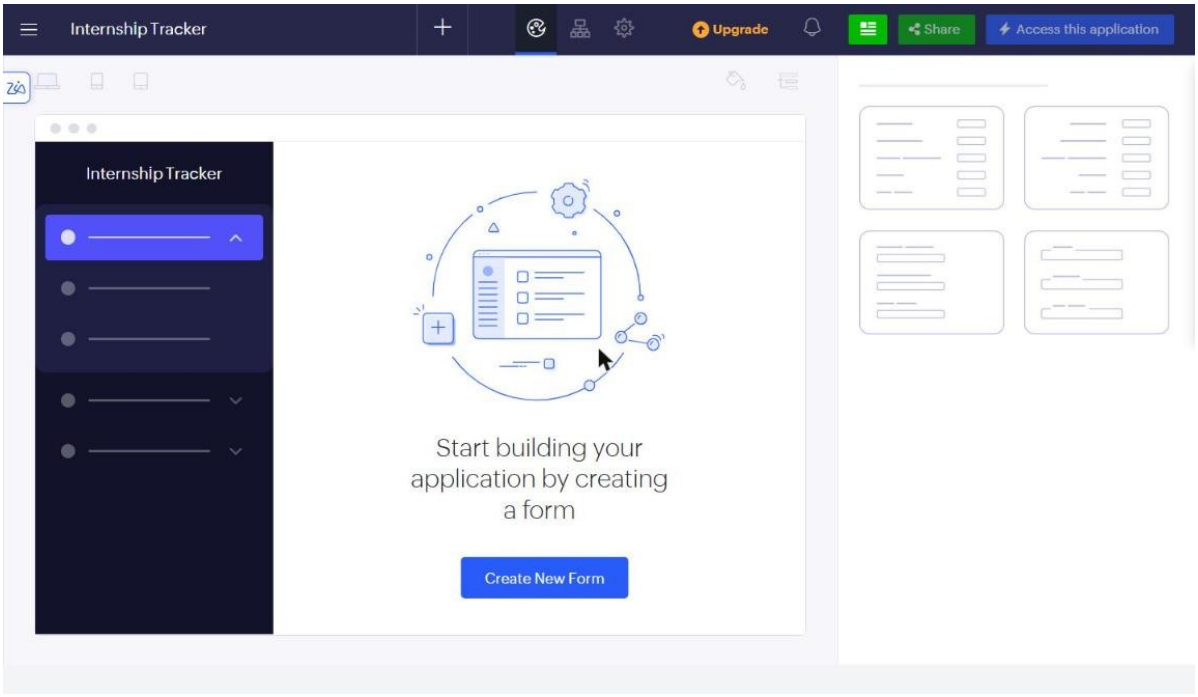

Fig. 1.3: Blank application created

Result:

The Internship Tracker application was created successfully.
