EXP 9	Testing End Date Before Start Date

Aim:

To verify that an internship with the End Date before the Start Date is rejected.

Theory:

The validation workflow compares End Date with Start Date before the record is saved.

Procedure:

1. Open the live Internship form and fill the test data.
2. Enter Start Date 31-Jul-2026 and End Date 01-Jun-2026.
3. Click Submit.

Output:

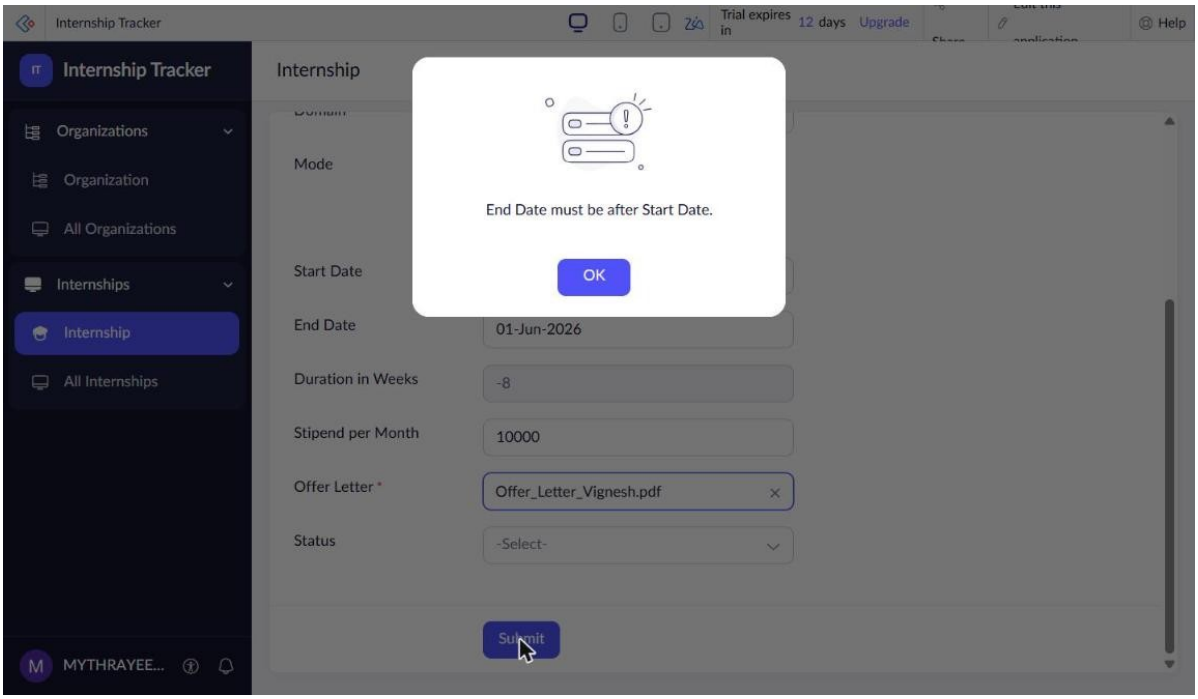

Fig. 9.1: End date before start date rejected

Observation:

Start Date	End Date	Result
31-Jul-2026	01-Jun-2026	Rejected - "End Date must be after Start Date."

Result:

The record was rejected because the End Date is before the Start Date.
